# HISTORY, PHILOSOPHY AND ETHICS OF PSYCHIATRY: THE STATE OF PLAY IN THE 21ST CENTURY

**HONG KONG, 4-6 OCTOBER 2018**

Hong Kong Academy of Medicine, Jockey Club Building  
99 Wong Chuk Hang Road, Hong Kong

RANZCP's Section of History, Philosophy and Ethics of Psychiatry is delighted to be hosting the 20th Annual Conference of the International Network for Philosophy and Psychiatry, which is being held in Southeast Asia for the first time this year.

To mark this special occasion and to review the past and envision the future of Philosophy and Psychiatry, we have invited **Professor Bill Fulford** to deliver the Opening Keynote Address and **Professor John Sadler** to chair the Closing Plenary Panel.

Our International Keynote Speakers and invited speakers will provide valuable insights into Buddhist philosophy, neuroscience and mental health, phenomenology of psychopathology, Jungian psychotherapy and cultural adaptations, hermeneutics and the whole person discourse, and the ethical controversies and dilemmas in psychiatric practice.

Free paper sessions will allow delegates the opportunity to be involved in the program participating in symposia, and oral and poster sessions. Confirmed symposia and papers from Africa, Australia, Europe, Hong Kong, Japan, New Zealand, South America and the USA include social aesthetics and mental health, history of psychiatry, psychopathology in schizophrenia, depression and personality disorders, neuroenhancement, transcultural ethics on covert treatment, altruism in organ donation and others.

We hope you'll join us in Hong Kong in October for what promises to be a very interesting and thought-provoking conference.
